

## ABOUT THE PROJECT

ECARE aims at clarifying the existing landscape of regional/national innovation roadmaps and funding opportunities for aeronautical stakeholders. It will also create complementarities and synergies between them to enable the European aeronautical industry achieve the ambitious targets of the CA JU Programme while maximising public funding impact and efficiency.

The ECARE project will develop and disseminate methodologies to create synergy mechanisms applicable to all EU aeronautical regions. These methodologies will be designed and tested in a Pilot involving four major regions of the European aeronautical industry, namely Occitanie and Nouvelle-Aquitaine in France, Hamburg in Germany and Campania in Italy. Over the course of the project, the methodologies will be improved, adapted and tested against the realities of these four regions, turning ECARE into a mature operational guidance project for CA JU and other European regions and countries.

## ECARE STAKEHOLDER GROUP (ESG)

### WHAT is the goal of the ESG?

1. Ensure replicability of ECARE results to other European aeronautics regions and countries
2. Reach scalability by including as many European regions and countries as possible
3. Support ECARE through consultation at various stages in the project
4. Include different perspectives

### WHY should you join?

1. Opportunity to actively participate in ECARE
2. Gain visibility through presentation on the ECARE digital platform
3. Access to ECARE methodology with the option to replicate results in your region
4. Contacts to funding authorities, regions and clusters with similar interests

### WHO can become member?

1. Public Authorities
2. Cluster Organisations
3. Business networks
4. Other relevant organisations and regions

### HOW can you participate?

1. Sign the ESG charter to become official member
2. Join online meetings every two months to stay updated
3. Other options of participation, e.g. in workshops
